

Ensure safety & compliance with JibFlex service & re-certification

Safety is a critical aspect of lifting equipment. To ensure that our state-of-the-art lifting solutions remain safe and fully compliant, regular servicing and re-certification according to industry regulations are essential.

Stay certified – Stay safe

Safety is a critical aspect of lifting equipment. To ensure that our state-of-the-art lifting solutions remain safe and fully compliant, regular servicing and re-certification according to industry regulations are essential.

Expert support – wherever you operate

With extensive in-house expertise, JibFlex supports you in ensuring full compliance – no matter where your operations take you. Our comprehensive training programs, including JibFlex e-learning courses and on-site training, equip technicians and operators with the necessary skills for safe and efficient use of JibFlex applications.

Certified service for your peace of mind

JibFlex service and re-certification are carried out through our ISO 9001:2015, 14001:2015, and 45001:2018 certified service organization.

We offer both in-house and on-site service solutions, tailored to meet your specific operational needs.

Ensure compliance, maximize safety, and extend the lifespan of your JibFlex equipment!
